AND INFORMATION TECHNOLOGY**

“

“I believe in efficiency of markets, also Islamic markets, and I am pretty sure that the market will come to a certain consensus.”

– Geert Bossuyt

”

OVERVIEW

The Bachelor of Science (Hons) in Islamic Finance aims to impart knowledge and develop the skills required to produce ethical professionals in the fast-growing field of Islamic Finance.

According to World Bank, Islamic finance has emerged as an effective tool for financing development worldwide, including non-Muslim countries, Islamic finance is a fast growing segment of the financial industry in many parts of the world. It has registered double-digit growth rates in the past decade despite challenging circumstances globally. Its reach and influence has expanded beyond the traditional Islamic

markets with increasingly strong footholds in banking, takaful and the capital market.

Since 2008, Islamic banking has been growing at an estimated annual rate of 10-15% in non Muslim countries such as the USA, Britain and France, as an ethical and sustainable alternative to the conventional, profit-driven banking system. Year after year, there has been continuous expansion of total Islamic finance assets as well as a sophistication of products, together with an ever-growing number of countries, companies and institutions participating in the industry.

MAHSA360

At MAHSA University, we provide our students with the opportunity to develop quality skills and understanding that go beyond their field of study which will prepare them for their next leap upon graduation.

MAHSA 360 is our specially designed ecosystem that works to ensure every student is nurtured and supported throughout their student journey.

MAHSA'S PASSPORT TO SUCCESS

Professional Industry-Driven Education (P.R.I.D.E) is MAHSA University's specially designed education pathway that give students the best of both academic and professional certifications. Students have the opportunity to gain professional skills through various programmes from MAHSA's collaborations with internationally recognised professional bodies. P.R.I.D.E increases the employability rate of our fresh graduates and puts them on par with the rest in the professional world.

MASTERCLASS

Students of this programme are eligible to gain add-on certification in Masterclasses. There are more than fifty Masterclasses to choose from, and all are designed to further enhance the student's employability, in line with the Industrial Revolution 4.0.

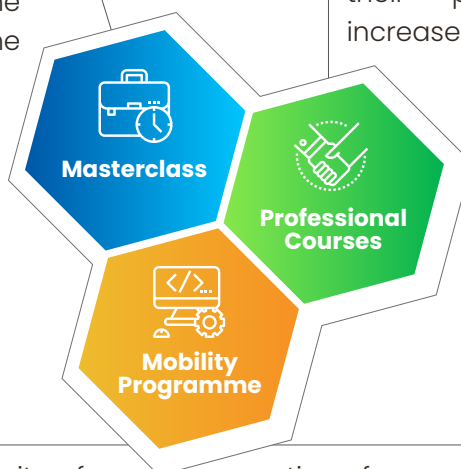

PROFESSIONAL COURSES

Through MAHSA's collaboration with internationally recognised professional bodies, students will earn certifications that will enhance their professional skills and increases their employability rate.

MOBILITY PROGRAMME

This is a unique opportunity for students to study abroad for up to one year. This programme lets students experience different cultures and

practices from around the world. Ask us about our university partners in over fifty different countries.
