"Movement is a medicine for creating change in a person's physical, emotional and mental states"

- Carol Welch

The Master of Physiotherapy in MAHSA University is offered for full time (1 year) and part time (2 years) study. Candidates can choose to specialise in either Musculoskeletal or Neurology. The programme includes a wide range of teaching methods namely higher-order problem-solving activities, case studies, practice-based learning, peer support and blended learning using e-Learn. The programme has both course work and research components, with greater emphasis for advanced skills in the respective disciplines. All modules are delivered by practising experts, specialists and academics informed by the latest developments in the field.

This programme is uniquely designed such that research-informed teaching becomes the main emphasis geared towards challenging and driving students to become evidence-based practitioners. MAHSA University provides a supportive learning environment in which candidates learn to collaborate, innovate and succeed. The academicians who have a wide spectrum of knowledge will facilitate post-graduate learning experience.

MAHSA University has established a cutting edge Physiotherapy Research Laboratory equipped with:

- Gait Lab With Force Platform
- Realtime Ultrasound
- EMG
- Isokinetic Machine
- Electrogoniometer
- Balance Master
