This programme
is also offered at
MAHSA Avenue,
Kuala Lumpur

**CENTRE FOR
PRE-UNIVERSITY
STUDIES**

The important thing in science is not so much to obtain
new facts as to discover new ways of thinking about them.

– Sir William Bragg

OVERVIEW

MAHSA's Foundation in Science is a one-year programme that is specially designed for students who have successfully completed their Malaysian SPM, GCE O-levels or equivalent. This one-year academic programme is a fast-track A-level equivalent structured along three semesters of studies and is fully accredited by MQA.

It is a well-balanced curriculum designed in consultation with university partners to ensure the successful integration of knowledge and skills, enabling a seamless transition into an undergraduate study of choice.

It is designed to be both challenging and intensive, providing students with the knowledge and skills highly desired by universities all over the world.

WHY STUDY IN MAHSA?

SCHOLARSHIPS

As MAHSA University students, you can apply for foundation scholarships that are available for students who have completed SPM and O-Levels with outstanding results

PRESTIGIOUS UNIVERSITY

Students can expect to experience state-of-the-art laboratory facilities and learn from lecturers who are experts in their respective fields

DIRECT ENTRY TO DEGREE PROGRAMME

Successful completion of these Foundation programmes enable entry into the first year of an undergraduate degree at MAHSA university

MENTORING AND CAREER GUIDANCE

Students will be introduced to dedicated lecturers and support staff who will be their mentors. Student mentoring, counselling and career guidance talks are held throughout the year for further support
