“Nurses dispense comfort, compassion, and caring without even a prescription

- Val Saintsbury

”

OVERVIEW

This programme aims to produce nurses who are professional, knowledgeable and competent in providing safe and skilful perioperative nursing care while preparing them to fulfil their professional career in a nursing specialty.

Perioperative nursing is a nursing specialty that works with patients who are having operative or other invasive procedures. Perioperative nurses perform preoperative, intraoperative and postoperative care primarily in the operating theatre.

DURATION OF COURSE

6 months – full time course

Intake in April and October

Method of delivery: Conventional (Traditional, online and Blended learning)
