

# MAHSA UNIVERSITY

## MASTERCLASS IN 3D MODELLING

### COURSE DESCRIPTION:

This Masterclass aims to introduce Google SketchUp, a software programme that is powerful enough for commercial applications such as Architecture and Engineering, yet simple to learn. Students will learn how to create three dimensional projects using powerful yet easy to learn modelling tools along with libraries of 3D objects.

### CONTENT:

1. Introduction to SketchUp
2. Navigation Tools
3. Drawing Tools & Measurement
4. Modification Tool (Toolbar, Menu and Icons)
5. Modelling simple to more complex Objects
6. Making Group and Component
7. Working with Texture, Colour, and Material
8. View, Annotation and Dimension
9. Creating Scenes and Introduction to Animation
10. Exporting images & Sketchup 3D warehouse
