ONE DAY DENGUE SYMPOSIUM

EXPERIENCED SPEAKERS IN THE FIELD OF DENGUE

TIME: 8.30AM-4.30PM
VENUE: MAHSA UNIVERSITY
Dental Block Level 9

CPD & HRDF
claimable Pending

VISION

To extend the knowledge on current signs and symptoms, epidemiology and rapid diagnostics of Dengue in Malaysia.

MISSION

To provide an avenue to obtain this information about Dengue in an informal manner that is inclusive.

AUDIENCE

This 1-day program is designed for general practitioners, as an update on the disease, its epidemiology in Malaysia and current rapid diagnostics available. Biomedical/ life or medical scientists who wish to update themselves on the current clinical symptoms and rapid tests available are encouraged to attend. Medical students wishing to know more of this disease from experts are also invited to attend. The course will be delivered by leaders in the field of Dengue in Malaysia. Free testing on the use of the diagnostic assays will be available for all to test
